Open to artists based in Angola, Botswana, Namibia, Uganda, Zambia, and Zimbabwe

**Residency dates: 1 February to 30 April 2020**

**Application Deadline: 30 November 2020 (10am SAST)**

This opportunity will enable an emerging artist based in Angola, Botswana, Namibia, Uganda, Zambia, and Zimbabwe, to undertake a fully-funded residency at the [Bag Factory](#) in Johannesburg from 1 February to 30 April 2020.

The residency is part of Art Connection Africa, a programme supported by [KfW Stiftung](#) in collaboration with [Triangle Network](#), aiming to stimulate exchanges within the Southern Africa region where a number of the Triangle Network partners are located and have contributed to the development of a local art scene. The residency will offer the selected candidate an opportunity for professional development, research and production of new work in a dynamic context that promotes dialogue, experimentation and innovation in the visual arts.

The **Bag Factory** is an independent Non-Profit Organisation that provides a community and studio space for practicing visual artists. With a focus on exchange of ideas and innovation, Bag Factory hosts resident artists' studios and develops a programme of international residencies, exhibitions, specialist skills workshops and audience outreach activities and events. The Bag Factory has been supporting and promoting the visual arts in South Africa since 1991. It is affiliated with the Triangle Network.

## **The Residency**

The selected candidate is offered a studio in a supportive environment and will work alongside other South African and international artists. The candidate will have the support of Bag Factory staff and artists to quickly become part of the community. They will also be encouraged to interact with local artists, curators and other arts professionals in order to expand their networks and experience the new context.

At the same time, the selected artist is expected to be driven, self-sufficient and use their initiative to ensure a successful residency.

### **The residency comprises:**

- Accommodation (self-contained room with own bathroom and basic kitchenette)
- A studio at the Bag Factory
- Basic living expenses
- Materials budget
- Economy return flights, visa, health insurance and Covid-19 testing as required
- Local travel budget
- Inclusion in an open studio or exhibition curated by Bag Factory or external curators (content and format will be discussed during the residency as it will vary according to concept, media etc)
- Administrative and peer support is also provided for all participating artists

### **Selection and Eligibility**

The residency is open to contemporary visual artists working in all disciplines based in Angola, Botswana, Namibia, Uganda, Zambia, and Zimbabwe, and are under the age of 45. Artists producing high quality work who have not had the opportunity to work in South Africa will be prioritised. Applicants should have at least a moderate level of spoken English, and should feel comfortable engaging in (public) artistic discussions in English. It is important that all applicants research Bag Factory thoroughly before submitting their application so as to be fully aware of the context which they would, if successful, be entering. One must note the building's restricted facilities.

The selected artist should be able to engage discursively and speculatively with Bag Factory's environment and Johannesburg's wider artistic and cultural context. With this in

mind, applicants should submit a project proposal within their application, outlining their specific research interests and intentions for the residency. Those who fail to submit a considered proposal that is specific to this residency and the Johannesburg/South African context will be disqualified.
